PROFILE

Experienced ERP Consultant and Odoo Developer with over 7 years of expertise in analyzing customer needs, managing full project lifecycles, and implementing Odoo software solutions. Proven ability to customize Odoo modules, conduct business analysis, and deliver tailor-made training. Adept at providing functional assistance, collaborating with developers to meet customer business requirements, and working with sales teams in both pre- and post-sales processes. Strong attention to detail, critical thinking, and organizational skills with a customer-focused and solution-oriented approach.

WORK EXPERIENCE

K.T.Z Company Limited

June 2021 – Present

Odoo Developer and Functional Support

- Collaborated with internal departments and the company owner to gather requirements and define business processes for Odoo implementations.
- Designed, developed, and tested custom Odoo modules, ensuring they meet specific business needs in areas such as Purchase, Sales, Inventory, Accounting, HR, Payroll and Expense.
- Configured Odoo to optimize system performance and ensure smooth adoption across various business units.
- Led data migration efforts from legacy systems to Odoo, ensuring data integrity and seamless transitions.
- Provided ongoing technical support, proactively monitored system performance, and troubleshoot bugs and issues.
- Created detailed documentation and user guides, conducted training sessions, and provided continuous support to users.

Logic Prime Ltd.

February 2017– May 2021

ERP System Analyst

- Provided comprehensive technical support for Odoo systems, addressing and resolving system errors, bugs, and performance issues.
- Designed and developed custom CRM, HRM, Finance, and Accounting modules, tailored to meet specific business requirements.
- Integrated Odoo with external systems via API, ensuring seamless communication and data exchange.
- Participated in system upgrades, user acceptance testing, ensuring compatibility, and optimal functionality.
- Developed and maintained websites using HTML, CSS, JavaScript, and CMS platforms, ensuring responsive design and user-friendly interfaces.

LANGUAGE

- English (Intermediate)
- Burmese (Fluent)
- Chinese (Mandarin HSK2 and Hanyu 3)
- Thai (Level 2)
